Repeater Report:

Tony-W0PGL & Fred-KB0WIL

On 12-30-2006 the 146.625 repeater had controller problems. We had to shut the repeater down. Tony and I went back to the repeater and we tried to reprogram the controller, but it would not re-program. We took the radio/controller up to Bill-N9UPG and he is going to look at it for us. Bill brought the controller back to the club on January 10th, 2007 at the club meeting. We will put the radio/controller back in service on Thursday Jan 11th, 2007 and see if it will operate as intended. We voted at the meeting tonight that the Repeater Board has approval to purchase a new controller, if we keep having trouble with the current one. Motion to approve: Howie-WD0DFW
Seconded by Mel-KC0HYY.

☺ **Note:** Thank you to Bill-N9UPG for all his hard work on this controller. The 146.880 machine is still chugging along.

Hospital Report:

We have not heard anything out of the hospital, in regards to the OCF antenna they were suppose to purchase. They were given the OCF antenna information on October 16th, 2006.

NOTE: Additional News on the Hospital Report:

J. D. was at the hospital, and reported that the antenna has been received, and we will be waiting for better weather for further info on the installation.

Bonnie, WB0WAP

Bandpass Filters:

The club agreed to purchase bandpass filters for 40m, 20m & 15m from Industrial Communication Engineers in Indianapolis Indiana. The cost is \$ 38.00 each, for a total cost of \$ 114.00, with free shipping. The filters have very good reviews on e-ham. Thanks to Oral-KB0ECF for giving the club the information about these filters.

Motion to approve: Cliff-K0CA

Seconded by: Jack-WD9CHG

HARC Dinner:

Don't forget that about the clubs dinner on (Sat) February 10th, 2007, 6:00PM at the Golden Corral in Hannibal Mo. It is in the back room, non smoking section. There will be door prizes given away for those attending. Each person is responsible for payment of their meal.

Notice !!!

There will be no regularly scheduled meeting in February, since we are having the dinner on Saturday, February 10, 2007.

**From The President's Desk
Mark - NØZOF**

The unexpected has a way of finding us. As we all know we need to be prepared for the unexpected. The ice storm in January was a close call for us, and a major incident for those to our south and west. I urge all of you to seriously consider attending the Storm Spotter training in February at Palmyra. The spring violent storm season is just around the corner and as we saw a few days ago tornados are not the only threat we face in this area. How many of you are aware of the flooding around us that has been ongoing since late December? Springtime can bring major floods to our area as we all remember. When a major event occurs we need to be able to work effectively with the emergency management officials dealing with the incident. Please take a few moments to become familiar with the National Incident Management System used to implement the Incident Command System for emergency response. Information is available on the FEMA website under the training

section. With the current BPL attack on the RF spectrum and other interests all wanting the airwaves we will have to show the public that we can and will serve in times of need. When they need us will you be ready?

Dream Come True-K0CA's visit to W1AW

In January 2007 one of my dreams came true while I was attending my first meeting of the ARRL Board of Directors in Newington, Connecticut. I had the opportunity to operate W1AW -- the Maxim Memorial station honoring the founder and first President of the American Radio Relay League, the
